

Clear Work Areas and Screen Policy

Version:	1.7	Status:	Approved
Author/Owner:	Digital Services Manager	Approval/Review:	KITGG
Approval Date:	March 2021	Next Review Date:	March 2022

Introduction

1. This policy details the necessary controls to reduce the risk of an information security breach caused by information being left unattended or being read from an unattended screen.

Scope

2. This policy is mandatory for all employees, contractors and consultants employed by Audit Scotland.
3. Failure to comply with this policy may result in disciplinary action.
4. This policy applies to all areas where Audit Scotland work occurs including Audit Scotland offices, client sites, travel and working from home.

Information Classification

5. Audit Scotland uses three information classifications:
 - 5.1. Public – Information which has been published or would be readily released under a Freedom of Information (FOI) request.
 - 5.2. Controlled – Information that has not been published and would require review before sharing with others.
 - 5.3. Personal – Information as defined under Data Protection legislation and would not be released unless it is lawful to do so.

Clear Work Areas

6. When work areas are left unoccupied for 2 hrs or longer, all information regardless of classification must be cleared away and securely stored.
7. Personal and controlled information must be cleared and securely stored whenever a work area is unoccupied.

8. Out with working hours no information shall be left unsecured.
9. All personal / controlled documents no longer required must be disposed of in a secure manner in either by using the Secure Destruction of Paperwork service available via BSS or, when safe to do so, using the locked confidential waste containers and shredders located around the office.
10. Devices must be kept secure at all times.
11. No personal or controlled information shall be left in meeting rooms, either on the table, slides, flip charts, TV screens or whiteboards.

Clear Screen

12. When leaving a work area for **any period**, staff must ensure that devices are locked, to prevent unauthorised access to our information or systems.
13. All unattended devices must be powered off, unless granted specific approval by a member of the Digital Services Team.
14. Device screen timeouts must be set to an appropriate period and password protected.
15. Where possible screens should be angled away from public areas, to prevent unauthorised viewing.

Clear Printers

16. Staff must not leave a printer unattended when printing or scanning:
 - 16.1. Personal information found unattended at a printer must be passed to Corporate Governance for disposal.
 - 16.2. Unattended documents located at a printer must be securely disposed of.

Staff Awareness

17. Personal and controlled information must not be visible to unauthorised personnel.
